GUNA

a fully Italian company

Founded in 1983, **GUNA S.p.a.** has rapidly become the leading Italian Company in the **production** and **distribution** of complementary medicines and health products of natural origin.

Today, GUNA has a staff of over 250 employees.

Its manufacturing facility, located in Milan, **is among the most advanced of the industry.**

The Company's wide product range includes low-dose medicinal products, medical devices, cosmetics, Bach

flowers, food supplements, and a new range of **complementary feeds for dogs and cats.**

All GUNA products are made in Italy.

GUNA products are exported to **over 30 Countries** in the world.

Every year, considerable resources are invested for research and development.

GUNA supports several medical and professional associations that provide intensive educational and training programmes to medical doctors, pharmacists and healthcare practitioners.

GUNA

and pet wellness

In the specific field of pet wellness, GUNA has developed a new line of complementary feeds in paste for dogs and cats.

GUNA Petformula complementary feeds contribute to the daily nutritional needs of dogs and cats by providing specific nutrients useful to support the normal maintenance of the physiological conditions of our pet friends.
