ESSENTIAL OILS

How to use

Spray from a distance of 5-10 cm to cover the skin thoroughly. As a preventive usage, we recommend to spray the product onto the scalp from a distance of few centimetres and massage gently until the product is fully absorbed.

Ingredients

Pelargonium capitatum Extract, Lavandula angustifolia Oil, Melissa officinalis Oil, Citral, Limonene, Parfum, Melia azadirachta Seed Oil, Mentha piperita Oil, Zanthoxylum alatum Extract, Oleyl alcohol, Cetearyl isononanoate, Citronellol, Geraniol, Linalool.

Warnings

Do not spray in eyes. In case of contact with eyes, rinse immediately with plenty of water.

Packaging

75 ml (2,5 fl.oz.) bottle spray.

ESSENTIAL OILS

Guna research studies have led to creating a special mix of pure essential oils and natural plant extracts whose aroma is distasteful to insects

Natural essential oils in the formulation of Guna 2:

Neem oil: known for its natural properties, is distasteful to most insects, either summer or autumn insects.

Zanthalene (*Zanthoxylum alatum*): extract, known for its calming and soothing properties, even suitable for the most sensitive skin.

Melissa (*Melissa officinalis*): its strong lemon aroma is unappealing to insects.

Lavanda (*Lavandula angustifolia*): soothing and calming properties, with aromas distasteful to insects.

Geranium (*Pelargonium capitatum*): geranium essential oil is delicate and pleasant, but its aroma is distasteful to insects.

Peppermint (*Mentha piperita*): its calming properties make it an excellent remedy to soothe and alleviate even the most delicate skin.
